

"Community in Conversation" Conference 2023

When is it?

from 30th April to 2nd May 2023

What is it?

A conference where we will talk about community building and the future – exploring, encountering, playing.

Where will it take place?

In the Humanushaus near Bern/CH: a living place of anthroposophical social therapeutic community education. Humanushaus celebrates its 50th anniversary in 2023.

Why?

The following questions kept us busy during the planning process:

- What are the paths from the individual to the community to society – also within the context of inclusion?
- How do processes of awakening, trusting, connecting, caring, learning and developing together happen in communities?
- How can anthroposophy work in communities?
- How does the movement between freedom and responsibility happen in communities?
- How is a Camphill community a modern place and at the same time connected to a tradition, history, or founding impulse?

Program

We have put together a [program](#).

The "Deepening" sessions can be chosen twice.

There are many questions, and we cannot discuss all of the questions in three days.

Therefore, we would like this meeting to be in a different place every year in the future.

Because these are important conversations!

Costs

100 CHF/EUR with meals

85 CHF/EUR per person for tandems. Tandem means: One person with and one person without assistance needs who register together.

Meals

Lunch, dinner and coffee breaks are included in the conference fee.

For those who stay overnight at Humanushaus or do not have breakfast at their overnight stay, we offer a free breakfast at Humanushaus from 7:45 a.m. on May 1 and 2, 2023.

Registration
