

A Song of Celebration

Curative Education 100 years

1. A tree was planted long ago C
a hundred years have passed F/C
come let us celebrate with song: C
The gathering has come D7/G7
the gathering has come! C/G7/C

2. A well of water at its roots
it's got so many branches
let's sit together 'round the tree
united by its growing
united by its growing.

Chorus: Oh, listen to the stream C
by day and in your dream am
the quiet stream of time C
is flowing on and on. C

3. The tree has seeds and flowers too
and fruits are ripening
a gift so great we have received
that nourishment is bringing.
that nourishment is bringing.

4. So, thanks for food and company
for times of joy and beauty
and let us learn, create and work
and grow community
and grow community!

Chorus: Oh, listen to the stream
by day and in your dream
the quiet stream of time
is flowing on and on (x 2)
is flowing on and on...

Laburnum tree, about a hundred years old.

Swedish lyrics/music by
Hélène Bohman Blomqvist
