

Dear friends ~ It's Time to Sign Up for the Festival!

'Kaspar Hauser: His Mission of Hope for Our Time!'

November 7-10 at Camphill Village Copake - And Online

Karl König experienced Kaspar Hauser to be at the heart of healing and of therapeutic work. König wrote these mighty, moving words about him:

"Kaspar Hauser kept the true image of the human being alive for the future of humankind. He retained the immortal part of our spiritual existence and handed it over to us. We experience the wonder and dignity of our own childhood when we read of his life and death. Those with special needs move our hearts in a similar way. They too remind us of our higher and better self. Their patron saint is the Prince of Baden, the Child of Europe, the protector of the image of God."

Sign up for the whole Festival – In-Person or Online.

People can also attend single events (contributions at the door).

Also! Do you know of people who can't attend, but would be interested to be part of this event? You could register for them to watch as a Group! Groups can watch Live Online – and can also watch the Festival later, when it's posted via the Institute website!

Register for the Kaspar Hauser Festival here:

<https://www.brownpapertickets.com/event/6336586>

Register for a group representative – and then send a group contribution to the Institute (via Camphill Foundation).

Send checks to:

Camphill Foundation

Write KKI/KHF in the memo line

P.O. Box 820

Uwchland, PA 19480
